AOT Works (new data on 2017 from NYS OMH*)

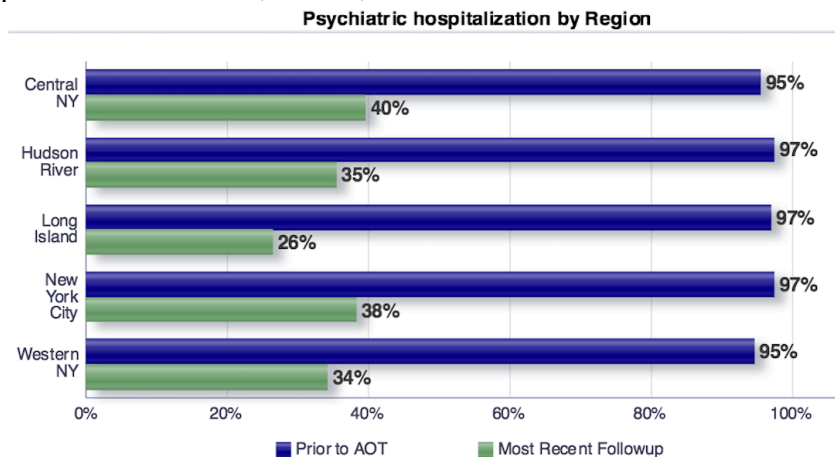

Reduction in incarceration in rural, urban, and suburban areas of NYS before and after AOT:

Reduction in homelessness in rural, urban, and suburban areas of NYS before and after AOT:

Reduction in hospitalization in rural, urban, and suburban areas of NYS before and after AOT:

* There is no absolute URL for the NYS database. It is hard to get to. Start at <https://www.omh.ny.gov/omhweb/statistics/>. Click on "AOT reports." On next page click on "reports" in left hand column, not "data collection." Then go to the category that you are interested in. Enable flash as the NYS site creates some useful graphs on the screen if you do. Note that there is no way to set a 'date-range' for data, but this data above was accessed in Jan 2018 in order to get the 2017 year to date data.
